

Hazard Isolation Memo

DATE:		
FROM:		
The following hazard has been identified and to date a control is not in place to minimize your risk from this hazard. It has therefore been decided that until the control is in place the hazard is to be isolated. This means that you must stay away from this hazard until further notice. Should you need to approach this hazard you must contact the Master Franchisee first. S/He will then decide whether or not you may proceed and under what conditions.
