We know that when you are ready the hardest part is deciding which business is right for you. You have many options and there are plenty of sound Franchise opportunities out there. However, none can offer the same guarantees, support and opportunities as a SelectCleaning™ home cleaning franchise.

Home cleaning has seen robust growth over recent years showing that even in times of recession work is growing. The continued increase in 2 income households coupled with a decrease in leisure time has contributed to the growth in this industry.

We have used our considerable expertise and the resources of our parent company to build an outstanding system. Now it's up to you. Please take the time to carefully read and consider our information. We're confident you'll see the many benefits and financial opportunities SelectCleaning™ offers our franchise owners.

A Smart Business Decision

SelectCleaning has been developed by one of Australasia's leading Franchise operators to be the most attractive and rewarding Franchise opportunity available today in the services market.

Who is SelectCleaning?

SelectCleaning is part of the highly successful Franchise Shop Limited group of Franchise systems. Franchise Shop systems operate in four countries and look after over 1000 Franchisees.

SelectCleaning is a dynamic well developed Franchise system that has worked hard to ensure that its franchisees will receive superior guarantees, support and ongoing satisfaction from their investment.

Franchisees who join SelectCleaning have the opportunity to build a business using tried and tested systems that have been proven again and again by Franchisees in Australasia.

Why is SelectCleaning so successful?

We believe it's because we give the client what they really want – a professional home-cleaning service that offers well trained, trustworthy people who care about what they are doing.

What is professional cleaning?

It is the business of cleaning the homes of people who are either unable to clean, or prefer to leave their cleaning to professionals.

Increasingly busy lifestyles mean that a professional cleaning service is no longer a luxury enjoyed only by the wealthy.

We have recognized the potential of this growth industry, and are confident in offering you a share in our investment.

What is a SelectCleaning franchise?

It's your own cleaning business, with expert help. When you purchase the franchise you gain the right to use the SelectCleaning business system utilizing our name, marketing systems, support, and technical expertise. You will receive comprehensive training, equipment, uniform, business cards and manuals. In fact everything you need to get started including a client base.

A Flexible Lifestyle

SelectCleaning provides you with flexibility and security that allows you to effortlessly achieve your desired lifestyle and goals.

What hours are involved?

Home-cleaning is typically done during normal business hours.

Are there ongoing fees?

Yes, like many franchise systems we charge service fees. However our fees are designed to encourage you to build your business – the bigger the business you build the lower the percentage of fees you pay.

Is it possible to start out part time?

Most people take the business on full-time, however the smaller packages can be run on a part time basis if you wish.

Is there a guarantee?

Yes. At the core of our business is the unique double business guarantee. The guarantee is subject to the terms of the franchise agreement and will be explained to you. To learn more on how this outstanding business guarantee works, phone the office and make a time for us to go over it with you. You will love it!

Can I grow my business?

Yes, you are free to find work using our marketing system or your own efforts. Alternatively you may wish to purchase more clients from us to expand your business.

A partnership to success

If you succeed, we succeed. So it's in our best interest to create a strong business partnership that helps you every step of the way, from the initial startup right through to a level of growth that you aspire to achieve.

Superior Business Systems

Franchising will always be a successful concept. One of the key components of this success is the relationship between the franchisor (us) and the franchisee (you), a true business partnership in every sense. The term 'network' has been used to describe this partnership, a term which effectively describes its mutually beneficial nature.

The better our systems, the easier it is for you to grow your business, which in turn benefits us through royalty payments. This co-dependence is what makes franchising a truly 'win-win' business model.

SelectCleaning has the two main ingredients of a successful franchise well and truly covered:

- A service that people want.
- The support of excellent business systems.

A Choice of Investments

At SelectCleaning the size of your investment is variable according to how many guaranteed clients you would like to start your business on.

Make a time to talk to us about how much you would like to invest in your future.

The Select Double Business Guarantee

The Select Double Business Guarantee provides you with a specific written guarantee: not only will you receive a guaranteed amount of work, but we will provide the same amount of work again.*

**Conditions apply. For more information see the franchise agreement.*

We do this by providing a hands-on training programme supplemented with video training. Before beginning to service your own clients, our professional franchise trainer will teach you how to provide the standard of cleaning services that continues to delight SelectCleaning customers.
